## **DETAILED ACTION**

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: none of the prior art teaches of a method, system, data packet, or computer readable medium to generate or facilitate a color gradient including refinement criteria as described in claims 1, 4, 29, 30, 31, and 36 – 41. Although the prior art of record teaches of generating a color gradient based upon an inputted boundary curve and surface and their associated colors, none of the prior art taught of the claimed equation for determining whether a refinement criterion for the color gradient of a specific triangle had been met.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
